The Institute has a 300 Bedded NABH Accredited Hospital with OPD and a Primary Emergency Care Unit.

There is specialized Panchkarma setup with large number of daily patients for a number of Panchkarma procedures Specialty Clinics for Diabetes, Allergy, Geriatric, Dietary, Child Mental Health, Eye etc. are also available in the Hospital for specialized consultation, treatment etc.

#### Panchkarma training programme for Ayurvedic doctors

Ayurveda proposes to broad dimensions of therapeutic intervention: (1) Samshodhana (Bio-purification), (2) Samshamana (Bio- balancing). Panchkarma is therapeutic technology of Samshodhana. The word panchkarma comprises of two words namely pancha and karma. Pancha means

five and karma means therapy (procedure). This fivefold treatment primarily aims at internal purification of the body including gross channels up to the cell levels. It is highly preferred to cure any disease with least possibility of recurrence. Panchkarma is a curative line of treatment for all diseases which are not amenable to Shamana Chikitsa. These five methods of elimination of vitiated Dosha from the body are Vamana Karma (emesis therapy), Virechana Karma (purgation therapy), Basti Karma (Enemotherapy), Nasya Karma (errhine therapy) and Raktamokshana (blood-letting therapy). These five procedures are practiced through a comprehensive package of purvakarma (pre-procedure), Pradhan Karma (main procedure) and Paschatkarma (Post Procedure) in a sequence over a time frame with critical indications, contraindications and other prerequisite necessary to induce adequate Samsodhana and therapeutic Safety. The protocol of treatment with panchkarma modalities requires a hawk's-eye of specialist who should be well trained and equipped with both theoretical and practical knowledge. Today Ayurveda in general and panchkarma in specific is a global icon and necessity but the supply of experts is less than the global demand.

Thus Panchkarma training programme of 45 days has been designed and offered by Department of Panchkarma, NIA. This training programme is for Ayurvedic graduates, Practitioners, Medical Officers, Ayurvedic College teachers, Researchers.

### **Objective of the training programme:**

1. The concept of Shodhana (detoxification) in details.
2. Principles of Panchkarma and its applications.
